

CALLAHAN'S KIDS STILL CHAMPIONS

Team of Green Players Shows
Form of Old Time
Veterans.

PLAY ALL HALLOWS FRIDAY.

In Contest With Butte Victory Came
Easily With the Home Goal
Never Once in Danger.

An unbroken decade of High School football victories, won against all kinds of teams, and all kinds of preparation, has reached over into the beginning of a second series. The eleventh consecutive victory for the Red and Black came Saturday at Cummings field, and the Butte High School was the victim. The score was 24 to 0.

Friday night the High School team will meet All Hallows at Cummings field, to test out the developments of Coach Tobin during the season. All Hallows opened the season with a strong side, and each team has a strong side. The game has been a very close one, and the team has been a very close one. The game has been a very close one, and the team has been a very close one.

SALT LAKE. BUTTE.
Stiefel Left End.
Shores Left Tackle.
Roberts Left Guard.
Morris Right Guard.
Home Right Tackle.
Arnold Right End.
Dunn Quarterback.
Grant Fullback.
Paul Left Halfback.
Richardson Right Halfback.
Hammond Lendard.

SATURDAY'S PLAY.
The game Saturday opened up with a drive showing from Salt Lake. It was a very close game, and the team has been a very close one. The game has been a very close one, and the team has been a very close one.

CALLAHAN'S SYSTEM.
The game is a splendid tribute to the method of making plays on the campus. It is a very close game, and the team has been a very close one. The game has been a very close one, and the team has been a very close one.

PAUL'S TOUCHDOWN.
The first fight of the game came to the first four-yard line. Taking the first four-yard line, the team has been a very close one. The game has been a very close one, and the team has been a very close one.

SOFT, WOMAN! AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman—a woman whose experience with women's diseases covers twenty-five years. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, her advice has been freely given to sick women.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impedes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:
Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal connection between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of advice.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

"PEP'S" PRIZE RING GOSSIP

"Fighting Dick" Hyland and "Cyclone" Thompson Bout
On Friday.

Should Be a Rattling "Go."
Contest With Jimmy Britt in
Frisco Soon.

It has been a long time since the fight fans of Salt Lake and Ogden have had an opportunity to witness an exhibition of the Queensbury art, but they are to have a chance on Friday night next at the Ogden Opera House, and since many thousands have slipped by in a rapid arena event, the fans are in a good glow because they are promised a bout that would be plenty good enough for San Francisco, the "heat of war."

HYLAND AND THOMPSON.
The principals in the coming exchange of blows are untested and untried. "Fighting Dick" Hyland, and "Cyclone" Thompson. The boys are light-weight fighters, and the bout is a tough, rugged little chap and while he is not as fast as Hyland, his style of fighting is more of the "goose a-comin'" all the time and only quite when he is in a tight spot.

EUREKA VICTORIOUS.
In the third soccer game between Salt Lake and Eureka this season, Eureka was victorious by a score of 3 to 1. Salt Lake had her full team out, while Eureka played only part.

DANCE SPECIAL AMERICAN FORK
Monday, November 12th, 7:30 P. M.
Via Salt Lake Route, \$1.00 round trip. Special returning midnight. Everybody welcome.

FISH SCREENS WORKING.
Tuckfield's New Model Now Operating in Canyon Creek.

The Tuckfield fish screen, invented by a member of the local Fish and Game Protective association, has now been perfected, and Mr. Tuckfield offers a reward for anybody who can clog the stream up or prevent the free flow of water through the screen, by any device that can be carried in the size of a shoe for the screen is built. There were two models originally planned by Mr. Tuckfield, and he has finally abandoned the model with a paddle wheel inside of a screen, intended to carry debris over by a reverse rotary movement. The screen is perfect, and is a very simple machine to wear, and operates by a gravity pressure, any accumulation of debris being carried to the top of the screen, and the water is allowed to pass through the screen.

SKATING CONTEST.
Roller Experts Developing Through Present Craze for Speed on Wheels.

Roller skating is developing its experts, just as did ice skating and the man of fancy curves is already putting in his appearance at the various local rinks. Commencing tonight a contest will be begun to last through the week, for women skaters. The best two on the floor each night will be selected to fight in a match contest Saturday night. The contest will be followed next week by another for the best men skaters.

Tricked by Dyspepsia

The Doctor Couldn't Tell Where the Trouble Lay.

"For the past seven years I have been a victim of dyspepsia and chronic constipation and have consulted the most noted specialists to be found on this coast. The doctor, however, seemed to locate the difficulty or give relief. In addition to this medical treatment, I have resorted to the use of many remedies and have been very faithful, but all to no purpose. Upon the recommendation of a close friend, I purchased a box of Stuart's Dyspepsia Tablets and in less than five days noticed that I was receiving more benefit than from any remedy I had used before. I continued to use the tablets after each meal for one month and by that time my stomach was in a healthy condition, capable of digesting anything which my increasing appetite demanded. I have not experienced any return of my former trouble, though three months have elapsed since taking your remedy."

We wish that you could see with your own eyes all the grateful men and women all over the land who have suffered every known remedy and resorted to specialists without result, until they gave Stuart's Dyspepsia Tablets a trial. Like the doctor above, they couldn't locate the seat of trouble.

Dyspepsia is a disease which has long baffled physicians. So difficult of location is the disease that cure seems next to miraculous. There is only one way to treat dyspepsia, and that is to supply the elements which nature has ordained to perform this function and to cause them to enter the digestive organs, supplying the fluids which they lack. Stuart's Dyspepsia Tablets alone fill these requirements, as is shown by the fact that 40,000 physicians in the United States and Canada unite in recommending them to their patients for stomach disorders.

We do not claim or expect Stuart's Dyspepsia Tablets to cure anything but disorders of the stomach and other digestive organs, but this they never fail to do. They work upon the inner lining of the stomach and intestines, stimulate the gastric glands and aid in the secretion of juices necessary to digestion.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box. The box will frequently afford a perfect cure. If it does not, write to the nearest adequate proof send us your name and address and we will gladly mail you a sample package free. P. A. Stuart, Co., 41 Stuart Bldg., Marshall, Mich.

TWO SPECIAL TRAINS.
According to "Red Sam" McClinton, Hyland's astute manager, the Salt Lake contingent will be well taken care of. Tickets will be held at the Ogden Opera House, on Friday evening the Oregon Short Line will have two special trains between Salt Lake and Ogden. The first will leave the O. S. L. depot here at 7 p. m., and the second at 10 p. m. The special will return immediately after the contest.

GOING AFTER BRITT.
McClinton says that Dick is in fine fettle and he feels certain of defeating Britt in that event. According to "Red Sam" Hyland will take on ex-champion Edward Britt, "Native Son" of Ogden. Hyland is a native of Ogden and has been a resident of the city for many years. He is a very good fighter and has been a member of the local boxing club for many years.

STANFORD WINS.
Berkeley is Helpless in First Intercollegiate Rugby Game.

California Field, Berkeley, Cal., Nov. 10.—Stanford gained a victory over the University of California in their first rugby intercollegiate contest by a score of 6 to 0. The game was played at the California Field, Berkeley, and was a very close one. Stanford was victorious by a score of 6 to 0. The game was played at the California Field, Berkeley, and was a very close one.

KENTUCKY HORSE SALE.
Lexington, Ky., Nov. 11.—John Splan, the noted horseman, today sold to L. V. Hargrave, owner of the Hargrave farm, Josephine Dixon, 2 1/2, in foal to Moke; Rose Darren, 2 1/2, sister to Tommy Britton, in foal to Hargrave; and Lucinda Princeton, dam of Walker King, 2 1/2, in foal to Moke; Emma J., 2 1/2, dam of Miss Adeline, in foal to Hargrave; and Hattie Hargrave, dam of eddie Brooks, 2 1/2, in foal to Moke; a full sister to Hattie Hargrave, and then he sold two brood mares with records better than 2:30. The amount involved was considerably upward of \$100,000. This was the largest sale of the most important sale of trotting blood brood mares in Kentucky in years.

YALE IS WAITING.
Saves Himself for Princeton and Brown Grows Hopeful.

New Haven, Conn., Nov. 10.—Speed, staying and running power won today at Yale field a victory for Yale eleven over the Brown team in one of the hardest football battles of the season. The final score was 5 to 0. Yale was unable to enter the Brown line until the second half, and Knox missed an easy 20-yard run by Jones and Knox placed the ball on Brown's ten-yard line. Morse and Knox shotested the distance on two plunges by six yards, and Forbes was jammed through Westervelt and Kirley for a touchdown. Knox failed to kick the goal.

PRINCETON BEAT ARMY.
Score of 8 to 0 Rolled up by Tigers in First Half.

West Point, N. Y., Nov. 11.—Princeton defeated the West Point cadets on the football field here today by a score of 8 to 0. The visitors scored twice in the first half through the splendid kicking of Parlan.

NOTED FOR BEAUTY.

INDUSTRIAL EDUCATION.

Great Meeting to be Held in Cooper Union to Promote It.

New York, Nov. 11.—A meeting for organization will be held under the auspices of the proposed national association for the promotion of industrial education at Cooper Union next Friday night. Dr. Henry S. Pritchett, president of the Massachusetts Institute of Technology, will preside and many prominent men will make addresses.

The objects of the proposed society are to bring prominently to public attention the importance of industrial education as a factor in the development of the nation, and to provide opportunities for the study and discussion of the problem and to assist in other ways in the establishment of institutions for industrial training.

President Roosevelt has written a letter to Dr. Pritchett in which while finding it impossible to accept an invitation to be present, he said: "I should be glad to have you express to the men who may gather my hearty personal interest in the matter of industrial education for our country. If such a body of men can arouse public interest in this question and can lead toward a solution that may better fit the individual citizen for his life work, one of our greatest economic questions will be solved."

NO NEW MEXICAN VOLCANO.
Denver, Colo., Nov. 11.—The Associated Press correspondent at Trinidad, Colo., went to Stonewall, N. M., today to investigate the report that Mount Culebra was in a state of eruption. He writes that the report is untrue; that the smoke issuing apparently from the summit of the peak really comes from burning timber on the New Mexico side of the mountain.

KILLED BY A PET DEER.
New York, Nov. 11.—It was definitely established today at West Point, N. Y., that a pet buck deer killed Herbert Bradley, a wealthy fur exporter, whose dead body was found last night in his estate.

Dr. Bradley returned yesterday from a business trip to the west, and was told that a great deal of shooting by hunters was going on in woods near his estate. He started out to see if any hunters had broken into his grounds and it was while investigating that the buck killed him.

TO EXCAVATE HERCULEANUM.
Rome, Nov. 11.—Prof. Charles Waldstein, professor of fine arts in Kings college, New York, will arrive here shortly for the purpose of perfecting an agreement with the Italian government regarding the excavation of the ancient city of Herculeanum. The professor's plans to excavate the ruins of the city of Herculeanum, which was buried under the lava of Mount Vesuvius in 79 A. D., are being discussed with the Italian government.

Prof. Waldstein secured the active cooperation of King Victor Emmanuel, as president of his organization, as well as that of Emperor William, King Edward and President Roosevelt.

The excavation of Herculeanum will be a gigantic enterprise. The work of digging up the ancient city was begun by King Charles III, in 1763, and it was continued under the direction of the Italian government in 1808. The excavations have always been attended with the greatest difficulty, as over the ruins of the ancient city stands today the town of Boscolina, with 20,000 inhabitants.

The location of Resina has often made it necessary to abandon the excavated work.

KILLED BY A HATPIN.
Pierced Fifth Rib and Entered Thomas Dougherty's Heart.

Scranton, Pa., Nov. 11.—Thomas Dougherty, a prominent young man of Danmore, a suburb, died in the state hospital here today from a stab wound. Dougherty died refusing to make any statement as to the name of the person who caused the fatal injury, but intimated that it was a woman and that he was to blame.

In the brief statement he made Dougherty declared that he was a victim of a woman and that she stuck a needle or a hatpin into him, after which he was taken to the hospital. But for the intervention of the police, he would have been killed. The police are unable to discover any trace of Dougherty's whereabouts previous to the time that the doctor was summoned.

Coroner Streib tonight said the arrest of Mary Burke, a young Danmore widow, on whom Dougherty called on Saturday night, had been ordered. The woman has not yet been located. The coroner declares that it was a hatpin which penetrated Dougherty's heart, and that it was the same hatpin which had been jabbed with great force.
